## NEWBURY TOWN COUNCIL INVESTS IN ELECTRIC VAN TO SUPPORT CLIMATE EMERGENCY COMMITMENT

In a significant step towards enhancing sustainability and reducing carbon emissions, Newbury Town Council has purchased a fully electric van as part of its ongoing commitment to addressing the climate emergency.

The electric van will be used for various Council activities, including maintenance work, thereby minimising the carbon footprint associated with daily operations. We are pleased that the new van will not only enhance our commitment to the Climate Emergency but also provide a safe environment for our maintenance staff to carry tools, spares and equipment from job to job around the Parish and to perform their duties effectively and efficiently

## VICTORIA PARK LIME TREES

Newbury Town Council will be carrying out tree 'pollarding' in Victoria Park in January 2025. This maintenance, which involves pruning the upper branches of trees to encourage healthy regrowth, is an essential part of our ongoing efforts to preserve the beauty and longevity of the Lime Trees in Victoria Park.

Certain sections of the park will be temporarily cordoned off for the safety of park visitors and contractors. Signage will be posted, and we kindly ask that visitors respect the temporary barriers during this time.

## Newbury Market

Every Thursday & Saturday in the Market Place  
(CLOSED THURSDAY 26 DECEMBER)
