**252. Naming and numbering of replacement flats to 11-17 Mill Lane, Newbury (15/00170/FULEXT)**

Members agreed to recommend to the Planning Authority that the replacement flats for 11-17 Mill Lane, Newbury be named Mable Luke Place.

**253. SANDLEFORD PARK – UPDATE**

It was agreed that the Chairperson, Councillor Anthony Pick will write to the case officer to express concerns that (1) the area assigned for the development has been expanded westward beyond the approved Supplementary Planning Document, to include the land between Kendrick Road (and lane) and the houses in Garden Close Lane; (2) the scoping document shows no awareness of the effects of integration with the Bloor Homes Estate, in that the Donnington New Homes site will take all the Sandleford traffic westward onto the A343, wishing to proceed to the A34 north or south. The Town Council has previously expressed the opinion, supported by local residents, that the Warren Road exit would be incorrectly located for this purpose, since Andover Road will not be able to accommodate the traffic.

**254. REVIEW OF THE NEWBURY TOWN DESIGN STATEMENT**

Councillor Adrian Edwards suggested that now the elections are out the way, it might be an ideal time for ward member to get out and see what has changed to enable a detailed examination of each area. That can be placed in the dropbox.

| 1             | No objection/comment:<br>The building is presently used by the YMCA. | 2             | Objection/comment:<br>The installations for which this retrospective application seeks approval have caused significant inconvenience and concern to neighbouring residents. They include noises from the kitchen, air conditioning unit, and laundry, unsightly chimney cowl, odours from the kitchen and laundry, and exhaust fumes from the boilers. Nevertheless, the residents feel they have been neglected and that their concerns have not been addressed. We advise strongly that effective measures to impose acceptable environmental health standards are both taken and seen to be taken, and that the applicant communicates with the residents as he has admitted to not doing up to now. | <a href="#">16/00746/COMIND</a> | The Limes Guest House and 370A & 370B London Road, Newbury for Main Contractors Ltd | Section 73a: Variation of conditions 3: Amended plans of approved application <a href="#">13/03160/COMIND</a> – Demolition of The Limes Guest House, Nos. 370a and 370b and all associated outbuildings and construction of 64 no. bed high dependency care facility with facility with associated parking |

| A             | Objection/comment:<br>We recognise that the applicant has amended the application to take account of some previous concerns. However, the laurel hedge which is planned will overshadow and take light from 4 Valley Road, and we therefore continue to have objections. | <a href="#">15/02815/FULD</a> | 2 Valley Road, Newbury for Stephen Beale | New Detached two bedroom dwelling at the rear of 2 Valley Road, Newbury with the front elevation facing Fifth Road after demolition of an existing Garage. | The applicant explained to the Committee that changes had been introduced to the plans, following representations by neighbours, but that these changes had not yet been registered with the planning authority. It is therefore not possible for the Committee to finally determine their opinion. However, from the information supplied, we are concerned that it would be out of keeping with its neighbours. In addition, it would be a construction on an existing garden, which we do not agree with. |

Loft conversion to existing   | Objection/comment:<br>1. The effect of this application would be to convert the house in to two dwellings, which is not its permitted purpose.<br>2. It would over shadow no. 21 Henshaw Crescent and deprive of light.<br>3. It would result in no.19 Henshaw Crescent being out of keeping with the neighbouring houses |
| <b>WBC final decision – Approved</b> |   |  |   |

| <b>WBC final decision – Refused</b>  |   |  |   |
| <a href="#">16/00574/ADV</a>         | 81 Bartholomew street, Newbury for Sabrina's Fish Restaurant          | Front fascia sign identifying the shop sign and logo, illuminated by two retained existing spot lights (reduced from four). |                                      |  |   |  |
|--------------------------------------|--|---|--|
| <a href="#">15/02208/FULMAJ</a>      | St Mary Surgery, St Marys Road, Newbury for Paul Siever and Others | Demolition of existing and the erection of 12 no. flats and associated works. | Objection/comment: The proposed development would be of inappropriate appearance, out of keeping, and of excessive height in relation with the area and neighbouring properties. Overlooking by eight of the flats of the garden and rear of 77 London Road would be unacceptable. We agree with the Highways Officer that there is insufficient parking provision. There is no provision for cycle storage. We support the concerns of the resident of 77 London Road on the destruction of trees. Measures should be taken to conserve the stone wall at the boundary of 77 London Road, originally the wall of St Mary's Speenhamland which was demolished in 1976 and stood on the site of the present application<br><br>Amended plans sent for information only. |
| <b>WBC final decision – Approved</b> |  |   |  |

|                                     |   |  |   |
|-------------------------------------|---|--|---|
| <a href="#">16/00751/FUL</a>        | Land Rear OF 48-50 Cheap Street, Newbury for Capitol Car Wash Limited | Change of use to the rear of 48-50 Cheap Street to car valeting services, erection on a canopy and site a cabin. | Objection/ Comment: This Council considers that this application would not be suitable to the site. We support the objections raised by Environmental Health on the lack of a noise impact assessment and information on external lighting. No arrangements are proposed for the run-off water used for washing, and we note that Dothan Place is readily flooded. The circuitous single-track route which cars would have to follow around Newbury House to reach the site would impracticable, would interfere with existing commercial traffic, and (from present experience) would result in accidents. We question whether the applicant would have right to use that route. We support the objections of the Conservation Officer that it would not be compatible with the settings of the listed buildings in Cheap Street or the Conservation Area. No information is supplied on the hours of operation or on the signage needed to attract business. The effect on residential accommodation in Kings Road west has not been considered |
