146. SANDLEFORD PARK WORKING GROUP – UPDATE

It was agreed that the Chief Executive Officer would write to both Developers to enquire about progress and moving forward with planning applications.

147. NEWBURY TOWN PLAN

It was noted that the Town Plan was agreed for public consultation at the Full Council meeting on 29 January. Public consultation will run until Sunday 18th March 2018.

There is to be a Coffee Morning Held at the Town Hall Saturday 24th February 2018, from 10.00 to 13.00, to share information about the Town plan with members of the public who may ask any questions to councillors or members of the steering group, who will be available to volunteer for the Coffee Morning.

Councillor Anthony Pick will give a presentation on the Town Plan to the Newbury Society on the 8th March 2018.

148. TOWN DESIGN STATEMENT

Following the public consultation on the Town Design Statement last November, the Working Group met on 7th February to consider the responses received. The responses were from Dr. David Peacocke and statutory consultees. The Working Group accepted almost all of the WBDC recommendations and invited Dr. Peacocke to clarify his submission. The Working Group will send its recommendations to the Committee for approval.

The Working group also considered the objective in the Council's Strategy that there should be an additional chapter in the TDS to consider the Canal Corridor in Newbury. In order to progress this, members of the Council are invited to walk the canal from the Town Hall to the western boundary of the parish, starting from the Town Hall, at 2.00pm on 28 February 2018.

**THERE BEING NO OTHER BUSINESS THE CHAIRPERSON DECLARED THE MEETING
CLOSED AT 20.55 PM.**

18	No objection	18/00188/HOUSE	21 Buckingham Road, Newbury for Mr & Mrs Payne	Demolition of existing single storey store, single storey side/rear extension and replacement porch with garage roof alterations
19	Objection/comment: The principle of the extension is accepted, but the proposed gable end will have an overbearing effect on 10 Robins Close and will be out of keeping with the other bungalows in the road. A hipped roof should be built instead, and would not detract from the benefit of the extension to the property	18/00222/HOUSE	12 Robins Close Newbury FOR Mr & Mrs Robinson	Single storey rear and front extension
20	Objection/Comments: 1) At over 3 metres, the garden building will be of excessive height and will overlook neighbouring gardens. 2) If the application is accepted, a condition should be applied which prevents the accommodation being sold separately from the principal dwelling	18/00256/HOUSE	89 Enborne Road, Newbury for Abie Genko	Proposed garden storage building and workshop with Au Pair accommodation above
21	Support/comment: The signage will be great improvement for the building	18/00030/ADV	Newbury Central Library The Wharf Newbury for West Berkshire Council	4 Logo sign trays to be placed externally on all 4 sides of the Building, to replace the existing green logo type and signage currently on 3 sides of the building

23	Application was withdrawn	17/03511/HOUSE	23 Newport Road, Newbury for Martin Hawkins	S73 Variation of condition 2 – approved drawings of planning permission 17/00171/HOUSE

24	Objection. We do not object to the principle of developing the site, and we note the inclusion of electric vehicle charging points. 1) The proposed flats are far too small to provide an acceptable quality of accommodation. 2) The absence of affordable housing is not acceptable, and the usual ratios of affordable housing should be applied. General observations, to be considered at the appropriate time: 3) Past experience of developments in West Street is that construction methods may risk causing considerable inconvenience to neighbours. 4) Given the location, a good design and appearance will be critical. 5) In accordance with the draft Town Plan, the visual harmony and materials of neighbouring buildings should be respected	18/00207/OUTMAJ	1 West Street, Newbury for Rissance Limited	Outline application for development of 20 residential apartments. Matters to be considered: Access, Layout and Scale
25	No objection	18/00215/ADV	17 Cheap Street, Newbury for Henry Ireson	Fascia shop front sign
26	No objection. Comments: 1) In accordance with the draft Town Plan, locally compatible materials such as Berkshire brick should be employed. 2) The agreed ratio of affordable accommodation should be observed. 3) Permeable paving should be employed to limit flooding risk. 4) Given the site, the agreed condition of an archaeological survey is important.	18/00226/RESMAJ	31-34 Bartholomew Street Newbury for Rissance Ltd	Approval of reserved matters following Outline planning permission 16/01942/OUTMAJ . Matters seeking consent: Landscaping and Appearance
27	No objection	17/03538/HOUSE	465 London Road, Benham Hill, Thatcham for David Thompson	Widened vehicular access and replacement garden/boundary wall to front of bungalow following installation of cycle path by local authority
28	No objection/comment: implication of construction parking Needs to be addressed	17/03525/FUL	Telecommunications Mast Western Avenue Newbury for Vodafone and CTIL	Replacement of existing 17.5m monopole with 6 no. antennas for a 25m monopole with 3 no. antennas and ancillary work thereto

APPLICATION NO.	LOCATION AND APPLICATION	PROPOSAL	NTC OBSERVATIONS
17/03125/FULD	55 - 56 Cheap Street, (Units 55A-56A, 55/56B), Newbury for Erica McClenaghan	Convert top floor unit 55/56 (vacant) formally dentist to two bed flat. Unit 55A (vacant) formally osteopath and office convert to one bed flat. Unit 56A (vacant) store RSPCA - convert to bedsit.	Objection/comment. We do not agree with the removal of the parking space assigned under planning consent 17/01392, which should be retained for off-road parking for the flats. Commercial space in an area zoned commercial use should be retained for that purpose. The residential properties will share a staircase with the adjoining language school, giving rise to security concerns. It is not clear where the recycling bins will be located.
WBC final decision – APPROVED			

APPLICATION NO.	LOCATION AND APPLICATION	PROPOSAL	NTC OBSERVATIONS
17/03488/HOUSE	16 Grove Road, Newbury for Peter Collison	Part single, part double storey rear extension and front porch.	Object. Members believe that the comments from the objection letter submitted by the Neighbouring Property 18 Grove Road should be taken in to consideration. 2) The application contains insufficient detail. The materials and style used should be in keeping with the existing dwelling
WBC final decision – APPROVED			

APPLICATION NO.	LOCATION AND APPLICATION	PROPOSAL	NTC OBSERVATIONS
17/03511/HOUSE	23 Newport Road, Newbury for Martin Hawkins	S73 variation of Condition 2 - approved drawings of planning permission 17/00171/HOUSE.	Application was withdrawn, no comment made.

APPLICATION NO.	LOCATION AND APPLICATION	PROPOSAL	NTC OBSERVATIONS
17/03545/FULD	32 Craven Road, Newbury for Mr Shanidze	Change of use of a single residential dwelling into four self-contained residential apartments.	Object/comment. Insufficient information on internal works object to roof lights. Recommend four cycle parking spaces are provided.
WBC final decision – APPROVED			

APPLICATION NO.	LOCATION AND APPLICATION	PROPOSAL	NTC OBSERVATIONS
17/03253/LBC2	32 Craven Road, Newbury for Mr Shanidze	Change of use of a single residential dwelling into four self-contained residential apartments.	Object/comment. Insufficient information on internal works object to roof lights. Recommend four cycle parking spaces are provided.
WBC final decision – APPROVED			

APPLICATION NO.	LOCATION AND APPLICATION	PROPOSAL	NTC OBSERVATIONS
17/03155/OUTMAJ	Rozel Heights, Catherine Road, Newbury for Enborne System Ltd	Outline application for demolition of existing 4 no. three bed apartments with garage block and replacement with 16 no. apartments and 1 no. maisonette with associated parking and access. Matters to be considered access and layout.	<p>Objection. We do not object to the principle of redeveloping the site, but many aspects have not been adequately addressed.</p> <p>1) The failure to provide sufficient parking spaces on the site, reported by the Highways Service, would exacerbate the already substantial traffic and parking problems in Catherine Road, which has to cope with local traffic, vehicles parking to collect train commuters, train passengers parking at weekends, visitors to the doctors' and dentists' surgeries, and overflow parking from St Donat's Place. Residents report that accidents (not always reported) occur weekly at the exit from Catherine Road because of inadequate visibility. Residents who have purchased parking spaces in the road report that they often cannot use them.</p> <p>2) The proposed building, of three storeys, would be too close to houses in Catherine Road and St Donat's Place, and to Ashridge Court, would overlook them and deny them light, and would over dominate them. The defence by the applicant on this subject (clause 6.28) is not adequate. The gardens of the houses in the northern part of St Donat's Place area already damp and cold. In consequence, children from St Donat's Place play in the street, worsening the traffic problems.</p> <p>3) We recommend that Sovereign Housing be asked to provide visitor parking spaces in St Donat's Place, not currently available.</p> <p>4) We recommend also a review of whether access from Catherine Road or Station Road to the development would be more suitable.</p> <p>5) We also note the concerns of the Highways Service on insufficient cycle parking</p>
Application has been Withdrawn			

APPLICATION NO.	LOCATION AND APPLICATION	PROPOSAL	NTC OBSERVATIONS
17/03481/ADV	Diamond Tap, 42 Cheap Street, Newbury for Stonegate Pubs	Illuminated fascia text sign and an externally illuminated projecting sign.	Object. We welcome the retention of the site as a bar. However, we consider that the proposed Halo signs would appear garish and cheap, and out of keeping with the Conservation Area.
WBC final decision – APPROVED			

West Berkshire Local Plan 2036 Scoping Report

Response by Newbury Town Council

General

Newbury Town Council welcomes this opportunity to comment on the scope of the Local Plan 2036.

The current position of the Town Council on the direction that Newbury should take over the Plan period is represented by the Draft Newbury Town Plan 2019-26, recently approved by the Town Council for consultation by the public and West Berkshire Council. After the consultation ends on 18th March, a final version will be adopted.

The Newbury Town Plan is the Town Council's recommended replacement for ADPP2 (with regard to Newbury) in the present Local Plan.

Strategic Objectives

Our principal comments relate to the Strategic Objectives in the Scoping Report. The numbering is ours, and does not indicate priority.

1. We appreciate the need to meet housing development targets set by the Strategic Housing Market Assessment. We fully support the objectives for affordable and social housing. However, the latter objectives will require firm action by the Planning Authority, for which the support of the Inspectorate will be necessary and should be sought.
2. Particular attention is needed to the housing requirements of key workers, for whom suitable housing types and tenures should be devised and constructed.
3. West Berkshire Council has standards for parking and amenity space for houses, but not living space. In consequence, some spatially very limited accommodation is being put forward by developers. Is this desirable? The only relevant Strategic Objective refers vaguely to "Sustainable and Quality Development". The Local Plan should have some perspective on the matter, perhaps with reference to the rules for public accommodation drawn up some years ago in London, or some other criteria. See https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/524531/160519_Nationally_Described_Space_Standard_Final_Web_version.pdf
4. We welcome the objective to provide additional employment land. However, further measures will be needed to encourage new businesses, enable existing businesses to grow, and attract new businesses from outside. A list of steps to this effect is described in the Town Plan, but in summary, they include additional employment land, flexible rental and planning terms (for example by a Local Development Order), provision of Incubation Hubs and Accelerator Hubs, and integration with the higher education

institutions in West Berkshire. Given such measures, West Berkshire can benefit from the substantial opportunities represented by the Oxford-Cambridge Corridor and the Smart City Cluster.

5. Addressing these opportunities will require greater focus on business development than West Berkshire Council deploys at present. Business development actions previously identified in the Newbury Vision have not been implemented. We suggest that the Strategic Objective “Economy” should be rephrased “Business Development”. In order to deliver these opportunities WBDC must employ more resources, and a member of the Executive should also become actively engaged in that area.
6. Whatever Local Plan is approved, it can at present be overridden by Permitted Development Rights on commercial property. Unremitting pressure should be exercised through political channels to secure the reversal of this disruptive Government policy.
7. At present, the policy and planning effort of West Berkshire Council is focussed overwhelmingly on housing development, and in responding to proposals from developers for housing. The infrastructure implications are relegated to a separate plan. We do not agree. Spatial planning for infrastructure should occur at the same priority as for housing and business, and should therefore be part of the Local Plan itself, as otherwise the housing allocation will crowd out other requirements. These include extension of:
 - primary, secondary, and higher education;
 - public open space;
 - medical services;
 - age support, in particular day care centres and care homes;
 - road and rail transport links;
 - cultural, leisure, and sporting facilities.
8. Given the population growth from new housing and the expected strong proportionate increase in the older population, the Local Plan should include an assessment of changes in population size and profile during the Plan period. Social infrastructure planning across the District should be based on those assessments.
9. West Berkshire Council’s present support for leisure and culture is mainly limited to the assets which it owns directly. An audit is needed of the cultural, leisure, and sporting assets of the District, and a view on how they should be developed, in order to prepare a policy for tourism. The absence of such a policy has resulted in (for instance) lack of a policy for visitor information or for the tourist coach trade. Leisure, culture, and tourism are the second business interest of West Berkshire after commerce and industry. Officer support and Executive attention should be directed to developing them, in partnership with Parish Councils.

10. In the longer term, consideration should be given as whether West Berkshire should provide a hub or hubs for major cultural, leisure, and sporting events, by the provision of a major concert hall, conference venue, and/or sporting arena, together with the appropriate visitor accommodation. If so, space should be reserved accordingly.
11. West Berkshire has a good record in providing and supporting public open spaces, in collaboration with Parish Councils, and in conditioning such space with major developments. However, it seems to us that the policy framework for this is unclear. How is such space, scattered across the District, to be protected? What steps are needed to ensure that they are all maintained to a common standard in the public interest?
12. The Town Plan contains detailed proposals for development of road and rail transport, prepared after consultation with the portfolio holder for transport. In particular, we draw attention to the lack of a junction connecting the two north-south trunk roads through Newbury. We support West Berkshire Council's plans for pedestrian and cycle links and are prepared to provide funding and other resources to achieve them.
13. The Town Plan's section on education was drawn up after consultation with the portfolio holder for education. We recommend involvement of business in a possible business-sponsored Free School and/or University Technical College. Vocational education should be developed according to the needs of local business. In addition, West Berkshire does not contain any institutions of University standard. To retain more young people for higher education in West Berkshire, we suggest that Universities in nearby cities be approached with the aim of locating one or more campuses or business schools in the District. Space should be reserved for these purposes.
14. No Strategic Objectives are stated for the Environment, other than the mitigation of climate change. It is suggested that the Local Plan should include specific objectives for air and water quality and biodiversity, in which Parish Councils could have a principal role. Strategic Objectives should also be given for recycling, which is a West Berkshire Council function.
15. We are largely content with West Berkshire Council's policies and actions on heritage. We would point out, however, that local listing is currently entirely dependent on volunteers, and contingency plans should be made in case the present arrangements should fail at some point.
16. The Strategic Objectives make no reference to health and well-being, other than under the heading of Housing. As pointed out above, health and well-being have a consequence for spatial planning which should be considered. Health disparities and variations between areas and communities should be studied, and may well be found to have planning implications.
17. The Strategic Objectives make no specific reference to the North Wessex Downs Area of Outstanding National Beauty. In the light of recent planning cases, we suggest that applications should be permitted on the AONB which support development of the rural

economy and the personal amenity of current residents, as these pay for maintenance of the AONB in its present state. The present policy is too based on the premise that there should be no change.
